Creative community

'Design Intervention' Group

Context

• Five designers focussed on rural futures, agriculture and food(waste).

Current situation

• Contacting and discussing with relevant creative communities as first step in developing a Design Intervention.

Engagement and limits

• Mixed interests
• Lot of different parallel activities

Theory of change

• Personal- and group development
• Getting new insights
• Learn how to engage in new contexts

Design opportunities

• Sharing knowledge
• Possible colaborations
